PROFESSIONAL SUMMARY

Full Stack Developer (MERN) with 2 years of experience building scalable, user-centric web and mobile applications. Strong in React.js, Next.js, and React Native on the front end, with hands-on backend development using Node.js, Express.js, NestJS, and MongoDB. Skilled in state management with Redux and Redux-Saga, REST API integration, and responsive UI development with MUI, Ant Design, and Tailwind CSS. Available to join immediately.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Redux, Redux-Saga, React Hook Form, Formik

Mobile: React Native

Backend: Node.js, Express.js, NestJS

Database: MongoDB

UI Libraries: Material UI (MUI), Ant Design, Tailwind CSS

Tools & Practices: Git, Jira, Agile / Scrum, REST API Integration

PROFESSIONAL EXPERIENCE

Developer — Gway Tech Solutions

Oct 2024 – Present

Chennai, India

- Develop and maintain cross-platform mobile and web applications using React Native, React.js, and Next.js, delivering features across the full sprint cycle.
- Implement advanced state management with Redux and Redux-Saga middleware to handle complex asynchronous data flows and improve app reliability.
- Build reusable, responsive UI components with MUI, Ant Design, and Tailwind CSS, improving development speed and maintaining design consistency across products.
- Integrate RESTful APIs and collaborate with cross-functional teams in Agile sprints managed through Jira.

Front-End Developer Intern — Gway Tech Solutions

Jun 2024 – Oct 2024

Chennai, India

- Built responsive mobile and web interfaces using React Native and React.js under senior developer guidance.
- Implemented robust form handling and validation using Formik and React Hook Form.
- Learned and applied version control (Git), project architecture, and API handling in a production codebase.

KEY PROJECTS

Enterprise Resource Planning (ERP) Platform — React.js, React Native, Redux, REST APIs

Gway Tech Solutions | Modular, customizable ERP suite for managing end-to-end business operations.

- Developed multiple integrated modules — CRM, Sales, Procurement, Inventory, Service, Gate Management, and Finance — within a single unified ERP platform.
- Designed configurable, customizable features and dynamic forms allowing each module to adapt to different client workflows without code changes.
- Built reusable UI components and dashboards with React.js and React Native, using Redux and Redux-Saga to synchronize real-time data across interconnected modules.
- Integrated REST APIs for CRUD operations, cross-module data flow, and reporting.

CERTIFICATIONS & ACHIEVEMENTS

- Rising Star Award (2024) — recognized at Gway Tech Solutions for strong performance and contribution.
- React Native Development — Certification, Udemy.

EDUCATION

Bachelor of Engineering in Computer Science

Nov 2020 – Jun 2024

M.R.K Institute of Technology, Cuddalore
